Small Engines 101

Authorized Factory Service School for Vocational Education Instructors

MWE will be hosting a special school just for vocation education teachers at Rend Lake College in Ina, IL on June 3 - 5, 2013 and at our education center in Aurora, IL on June 25 - 27, 2013. This 3 - day school will guide you through all of the facets of Briggs & Stratton engines being used in the OPE industry. You will completely disassemble, inspect and reassemble Briggs & Stratton engines, including overhead valve engines. Subjects to be covered will include: Four-Cycle Theory, Carburetor Theory, Governor Systems, Electrical Theory, Electrical Testing and Trouble Shooting, Systematic Trouble Shooting of Engines, Major Engine Failure Analysis and much, much more!

After completing this course you will have the technological edge to be successful in teaching the same concepts and procedures in your own classroom! The cost for the school is \$400.00 lodging not included and CPDU credits will be offered.

Enrollment Deadline April 15, 2013
